# "COMPASS"

DIRECTORY OF VETERANS INDIAN NAVAL  
HYDROGRAPHIC DEPARTMENT

NATIONAL HYDROGRAPHIC OFFICE, DEHRADUN

2024

## FOREWORD

The progressive growth of any department lies on the efforts, diligent services by its employees. The Indian Naval Hydrographic Department (INHD) especially National Hydrographic Office (NHO) in Dehradun, Uttarakhand State is known worldwide for its mandatory job i.e., production of Nautical Charts and Electronic Navigational Charts of International Standards. The credit goes to the Civilian Cartographic Officers and Staff both serving and retired of the Chart Branch who are witnessed to the evolution of this branch right from manual compilation to present digital data base system.

It is the time to recollect and remember our veteran cartographers on the occasion of celebrating 70<sup>th</sup> Anniversary of National Hydrographic Office this year. To continue the legacy, the office has made an solemn attempt to reach out to our veterans and compiled this directory 'COMPASS' which shall hopefully keep us abreast and ensure greater communication amongst the cartographic fraternity.

I wish our community grow in vigor and continue to shape a position for themselves as professionals in their chosen field post retirement. This small endeavor will hopefully go a long way in ensuring we reach out to each other for fruitful interaction. Suggestions for improvement and inclusion of more veterans in this compilation may be forwarded. I compliment my team at NHO who in a very short period of time scrupulously compiled this directory.

Dehradun  
16 Aug 2024

**(Lochan Singh Pathania)**  
Vice Admiral  
Chief Hydrographer  
to the Government of India
